#2455 Chairs  
Spring Term  
2014

# What is a Chair?

A chair is like a mini board position. Each chair works along side a certain board member to help them accomplish specific tasks related to that certain position. They are a fantastic way to get more involved in leadership opportunities within the chapter without having the same time commitment as a board position. They are perfect for those who want to be more involved.

If you have any questions about chairs,  
don't hesitate to ask!
